### **KSU NC/NW "Virtual" Agronomy Series RETURNS starting in February 2023**

Northwest Extension Districts and counties of K-State Research and Extension again will be hosting an **ONLINE** agronomy series, "**Crop Talk**", slated to begin **Tuesday, February 7** through **Tuesday, February 28**, which will highlight several topics important to crop producers. These will be on Tuesdays and each session will be held from **Noon to 1:00 p.m. CST**.

The meetings will feature presentations and comments by K-State Research and Extension faculty to enhance management strategies utilized by crop producers.

Our KSU extension team has vast experience in crop production and we're here to help solve and prevent production problems with reliable information K-State Extension Agents have planned.

Planned topics of discussion include Spring annual forages to fill the gap in cattle feed, Climate smart Agriculture, What's the Buzz?, Alternative Weed control Research from KS, and Corn Tillers: The Good, the Bad and the Ugly. There will also be time for questions between Kansas crop producers and extension specialists at each of the sessions.

Register ONLINE at <https://www.northwest.k-state.edu/events/crop-talk-series/index.html> or call your local Twin Creeks District Extension Office. Once you register, a link to the ONLINE sessions will be emailed to you. **CCA credits have been applied for with 1 credit for each session.**

For more information about the **ONLINE KSU Extension NW and NC Agronomy Series**, contact your local Twin Creeks District Extension Office.
